

## Medication Guide

### PSORIZIDE® FORTE Tablets

Read the Medication Guide that comes with Psorizide® Forte before you start taking it and each time you get a prescription. There may be new information. This information does not take the place of talking with your doctor about your medical condition or your treatment.

#### What is PSORIZIDE® FORTE?

**Psorizide® Forte** is a biochemical homeopathic medication taken by mouth to treat moderate to severe eczema and atopic dermatitis. It has been found to work well with a variety of combination therapies.

#### Who should not take Psorizide® Forte?

- **Do not** take Psorizide® Forte if you are pregnant, plan to become pregnant or become pregnant during Psorizide® Forte treatment.
- Although there are no known contraindications, consult with your doctor prior to taking Psorizide® Forte if you are allergic to any ingredients in Psorizide® Forte. See the end of this Medication Guide for a complete list of ingredients in Psorizide® Forte.

#### What should I tell my doctor before taking Psorizide® Forte?

Tell your doctor if you have a history of kidney disease. The doctor will adjust the dosage.

Tell your doctor if you are pregnant.

Tell your doctor about all of the medicines you take including prescription and non-prescription medicines, vitamins and herbal supplements.

#### How should I take Psorizide® Forte?

You must take Psorizide® Forte exactly as prescribed by your doctor. It is important to take orally at the beginning of the day on an empty stomach, take nothing by water for one hour afterwards to avoid interference with Psorizide® Forte absorption.

The amount of Psorizide® Forte you take has been specially chosen for you. It is based upon your body weight.

Psorizide® Forte may be swallowed whole, chewed or dissolved in the mouth.

If you miss a dose, just skip that dose. Do **not** take two doses at the same time.

If you take too much Psorizide® Forte or overdose, call your doctor or poison control center right away.

#### What are the possible side effects of Psorizide® Forte?

Psorizide® Forte contains low doses of active ingredients. Therefore, there are minimal known side effects.

Tell your doctor if you have a history of contact sensitivity to nickel (common in metal) or if there is a history of vesicular hand eczema (dyshidrotic, pompholyx). Nickel sensitivity may be confirmed by a positive nickel patch test by your doctor. If you have nickel sensitivity, your doctor will prescribe a very low dose to start and then slowly increase your dosage over a 5 week period.

If you develop a rash, discontinue Psorizide® Forte use and consult with your doctor.

Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088. You may also report side effects to Plymouth Pharmaceuticals, the manufacturer of Psorizide® Forte at 1-952-903-7621.

### **How should I store Psorizide® Forte?**

- Store Psorizide® Forte at room temperature, 68 to 77 Fahrenheit. Protect from light.
- Keep Psorizide® Forte and all medicines out of the reach of children.

### **General Information about Psorizide® Forte**

Medicines are sometimes prescribed for conditions that are not mentioned in Medication Guides. Do not use Psorizide® Forte for a condition for which it was not prescribed. Do not give Psorizide® Forte to other people, even if they have the same symptoms that you have.
